CUPID DEPLETES BACHELOR RANKS

Difference of Opinion Apparent Among Members As to Whether Organization Will Survive Inroads of the Matrimonial God

There is a difference of opinion among the members of the Bachelors Club as to whether or not the organization will be in existence this winter. Since the popular club gave its closing affair of the season last spring some half dozen or more of its most prominent leaders have lost in battle with Cupid until scarcely more than thirty remain in the membership list. According to certain of these "bachelors" the club will continue as an important factor in the Phoenix social life, while others disagree, declaring it will be impossible to carry out its program of former years under present conditions.

The Bachelors Hallows'en dance has always inaugurated the season, but as yet, no cards have been issued for this year's function. In fact, Lester Byron, secretary and treasurer of the club intimates that there will not be a dance.

"There is hardly a chance of holding the Hallows'en ball, but of course nothing of a definite character will be decided until the return of the president, Landies Calhoun Morton, who is out of town. One thing is certain, the club cannot continue under its present by laws and constitution. There are too many associate members and the pressure on the active members is too great. The Club must be reorganized," said Mr. Byron emphatically.

Roy Murray, on the other hand indignantly denied that there was any danger of the Bachelors Club "going under."

"It's neither dead nor dying," said Mr. Murray, "but like the state fair will be bigger and better than ever."

While he believes the October function will be held, he admits that new members will be necessary to the life of the club.

He pool hooed the idea that the Phoenix bachelors did not pay their social obligations and better by means of a card to a club dance. Mr. Murray asked what greater social attention a bachelor could extend and when the wave of dinner and theatre party was pointed out, he seconded the suggestion as commonplace. "It's done all the time," he said with scorn.

FEW PRISONERS ADMITTED—But ten prisoners were received at the state prison at Florence during the month of September, as compared with a monthly average of thirty last year. The decrease is attributed to the prohibition amendment.

INVESTMENT CO. PERMIT—The corporation commission yesterday issued an investment company permit to the Casey Jones Mining company of Outman. H. M. Caswell is president of the company. It is proposed to dispose of 200,000 shares at not less than 10 cents per share.

PYTHIANS TO TEMPE—Phoenix Lodge No. 2 and visiting brothers will go over to Tempe this evening to confer the rank of Esquire upon Page Fielding. A special dispensation has been granted by Grand Chancellor Birch. The last auto will leave the K. of P. Hall not later than 7:30 p. m. There have been enough autos pledged to take over all that will go.

BACK FROM PRESCOTT—William Sangster, auditor and secretary of the corporation commission returned yesterday from Prescott, where he completed an examination of the Casey Jones Mining company and Electric company in connection with a proposed revision of the rates. R. Ferguson, engineer for the commission will return today.

MORE PAROLES—In addition to the paroles granted Saturday by Governor Hunt, fifteen other prisoners have been released on parole. Practically all the men paroled were serving short sentences and were released for good behavior or on condition that they do not return to the state. The paroles were recommended by the parole board at its last meeting.

ALL STATES MEETING—A special meeting of the All States Society is to be held at the Chamber of Commerce building on Thursday evening at 8 o'clock. At that time the organization will be perfected for the activities of "fair week." All members of the society, and all eligibles are earnestly requested to be in attendance.
